SUMMARY

Front-end developer with 13 years of experience turning ideas and designs into responsive, user-friendly websites, single-page applications and business software with JavaScript, Vue, Nuxt and React. Working as System Windows Administrator and developing new skills in 2024. Relocated to Switzerland in 2025; since October 2026 working as a Front End Developer at Häfliger Group AG in Kerzers. Native Bulgarian speaker, English B2, German A2 (beginner, actively studying).

SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frameworks: Vue, Nuxt, React

Styling: Tailwind CSS, Bootstrap, responsive design

Tooling: Git/GitHub, Figma, Adobe XD, Photoshop, Claude Code (AI-assisted development)

WORK EXPERIENCE

Front End Developer — Häfliger Group AG, Kerzers, Switzerland

October 2026 – Present

- Create and develop websites for the company.
- Design flyers and marketing materials.
- Optimise websites for search engines (SEO).
- Use AI-assisted development with Claude Code in daily work.

Front End Developer — Slavov/Studio, Stara Zagora, Bulgaria

November 2022 – June 2023

- Built front-end interfaces for web applications using HTML, CSS and JavaScript.
- Collaborated with designers and back-end developers to deliver features meeting client requirements.
- Developed websites with HTML5, CSS3, JavaScript and jQuery on Humge CMS.
- Used Figma, Adobe XD and Photoshop to translate designs into production-ready front ends.

Front End Developer — Haemimont Ltd., Sofia, Bulgaria

January 2021 – August 2021

- Built single-page applications and business software using HTML5, CSS3, ES6, Vue.js, Nuxt and Tailwind.
- Developed and maintained a reusable component library, tracking downstream effects of changes on existing functionality.

Front End Developer — EdataChase Ltd., London, UK (remote from Bulgaria)

March 2013 – December 2020

- Delivered front-end builds for client web applications using HTML, CSS, JavaScript, PHP, MySQL, Bootstrap and CS-Cart CMS, from mock-up to production.
- Monitored site performance post-launch and resolved front-end issues, communicating technical problems to clients and non-technical stakeholders.
- Maintained an organised delivery workflow using GitHub across all phases of each project.
